Finding Project ChartFields - UF Project Cash Based

For funds 211, 212, and 213, use the **UF Project Cash Based Summary** page to lookup the ChartFields associated with a project.

*(Note: for funds 201 and 209, use the UF Project ChartFields page to lookup the correct ChartFields for a project.)*

**Scenario:** In this simulation, you will find the ChartFields for a project using the **UF Cash Based Proj Chartfields** page.

**Navigation:** Main Menu > Set up Financials/Supply Chain > Common Definitions > Design ChartFields > Reports > UF Cash Based Proj Chartfields

For all projects, use UFLOR as the Business Unit.

**Search for a project using part of the Project ID:**

1. Click in the **Business Unit** field and enter “UFLOR”.
2. To search by a part of the project ID, select "contains" in the **Project** dropdown menu.
3. Click in the **Project** field and enter the desired project ID information. In this example, the project ID contains **785**.
4. Click the **Search** button.
5. Select the desired project number from the list. In this example, select project number **00043785**.

This page displays the ChartField information for your project.

6. Click the **Return to Search** button.
In this example, you used the **UF Cash Based Proj Chartfields** page to lookup the correct ChartFields for a project.
