OVERVIEW

9-month and 10-month employees (Faculty, Graduate Assistants and TEAMS) will be put on short work break in myUFL for the Summer 2014 semester. The effective dates for the short work break are:

- 9-month eligible employees: May 16, 2014
- 10-month eligible employees: June 10, 2014

Department reports showing eligible employees are available for review and the procedure is given in this guide. Time reporting will be inactivated for the short work break period. Departments still need to review their employees to ensure they are not paid beyond the end of the Spring 2014 semester.
