ESSENTIAL EMPLOYEES

Essential employees provide vital support to the University of Florida in the event of an emergency or disaster that results in the official suspension of classes and/or closing of offices.
ESSENTIAL EMPLOYEES

- Essential employees play an important role in maintaining the safety and well-being of students, faculty, and staff who may be remaining on site throughout emergency events.

- During a campus closing, only employees designated as On-Campus Essential may be present on campus.
ESSENTIAL EMPLOYEES

• Colleges and Departments are responsible for designating and notifying essential employees.

• Essential employees may be required to report to work, be “on call” to report to work, and/or work remotely if required in order to maintain the critical functions of the University during a closure.

• In the event of an emergency closing, supervisors notify essential employees if and when they are required to report to work.

• Essential employees have a responsibility to monitor official University of Florida communications related to an emergency, including UFAAlert and UFL.edu, as well as maintain up to date contact information in myUFL.
ESSENTIAL EMPLOYEES

On-Campus Essential – Working on campus

▪ Continuation of critical and/or essential services that must be completed on-site
▪ Maintaining integrity of infrastructure, property or systems on-site
▪ Necessary on-campus work to maintain the safety and wellbeing of students, faculty and staff

Remote Essential – Working from a remote location, may need periodic access to campus

▪ Work is required to maintain operations and business continuity of the University and can be completed remotely
▪ Supervisor approved access to campus may be needed periodically to complete required work

Remote Non-essential – Working from a remote location, does not need access to campus

▪ Work is important to the University and can be completed remotely, but is not essential to maintain operations and business continuity
ESSENTIAL EMPLOYEES

- Essential employees should receive and acknowledge written designation from their supervisor
- A standardized designation letter template is available to departments
ESSENTIAL EMPLOYEES

- TEAMS, USPS, and Law Enforcement non-exempt employees who are required to work during an emergency closing will earn one hour of special compensatory leave for each hour worked during the emergency closing, in addition to their normal pay.

- If the special compensatory leave is not used by the end of the fiscal year, the employee will be paid for the leave.

- TEAMS exempt employees who are required to work during an emergency closing are eligible for compensatory leave at the discretion of the supervisor — although this compensatory leave is handled informally at the department level and not accrued in myUFL.

- Faculty and graduate assistants are not eligible for compensatory leave under this policy.
ESSENTIAL EMPLOYEES

• HR Liaisons record the designation in the UF Essential Employee Designation file in myUFL.

Return from Short Work Break—Now Back!

Short Work Break

- Appointments that were placed on short work break for both 9- and 10-month employees were returned in Job Data last Monday, July 3rd.
- Job actions that may have been placed on hold during the summer break may now be performed with an effective date of their return (or beyond).
  - 9-month effective date: 8/16/23
  - 10-month effective date: 8/1/23
Terminate Summer Appointments

End of Summer Assignments

- As the end of summer quickly approaches, be sure to enter terminations for summer appointments completed through individual ePAFs and not through the Summer File.

- Summer appointments created by the Summer Job File already have a termination row in myUFL (unless JDC was submitted to modify summer appointment).
  - Salary plans include FASU, OFSU, and GASU
  - Termination reason should be “End of Summer Assignment” (ESA)
  - ESA terminations will execute at Level 1
    - Important! Careful review is necessary by Level 1 approvers; i.e., GASU terminations will kick out tuition waiver if incorrect termination effective date is used.
    - Correct termination dates: Summer A: 7/1/23; Summer B/Summer C: 8/16/23

Summer New Hire Reminders

- Due to double deductions, any new 9- and 10-month hires effective prior to 8/15/2023 must be coordinated with Benefits to ensure proper enrollment and summer coverage.
  - Please send your new hire notification to UFHR at benefits@ufl.edu as soon as possible.
- All new OPS hires with combined FTEs ≥0.75 are eligible for State benefits.
- The State does not consider salary plan changes (i.e., OPS to TEAMS or Faculty) for benefits-eligible employees as a Qualifying Status Change.
  - Employees may have to wait until Open Enrollment to enroll in State benefits.
- If possible, hire employees closer to the beginning of the month to ensure ability to elect early effective date for health insurance.
Open Enrollment

During a recent call with the State University System (SUS), representatives from the Department of Management Services (DMS) provided several updates regarding this year’s open enrollment.

• Open Enrollment Dates: October 9, 2023 – October 27, 2023

• UF’s Benefits Fair: October 13, 2023

• While the DMS representatives were not able to provide details, they have indicated that there will be changes and that we should expect an “active” open enrollment.
Open Enrollment

• There will also be changes to how employees receive communication related to open enrollment.
  • Employees who have an email address in PeopleFirst will no longer receive printed enrollment materials. Rather, open enrollment information will be communicated by email.
  • Only employees who do not have an email address on file with PeopleFirst will receive printed open enrollment materials.
DROP Changes

• In the 2023 Regular Legislative Session, the Florida Legislature passed bills affecting members and employers of the Florida Retirement System (FRS) and other state-administered retirement plans.

• Deferred Retirement Option Program (DROP) Participation – Eligible members can now elect to participate in DROP for no longer than 96 calendar months (8 years) versus 60 months (5 years) beginning any time after their normal retirement date.
  • Impacted members have received communication from the State regarding the change

• Drop Extension Request form and a revised Drop Election form (DP-ELE) needs to be returned to UFHR Benefits
  • DROP – HR Benefits and Rewards (ufl.edu)

• The Drop Extension Request form does require Supervisor and Dean/VP approval
Services After Retirement

• The Florida legislature passed SB 1156: Florida Retirement System, which authorizes employers to establish volunteer programs for retirees

• UFHR is preparing additional communication, but we anticipate that the law will allow retired and emeritus faculty to provide voluntary services to the university within specific parameters:
  • The services cannot be prearranged
  • Compensation and benefits cannot be provided
  • The number of volunteer hours per week, including training, is limited to no more than 20 percent of time per week before the date of retirement.
  • A clear distinction between the duties of a volunteer and the duties of an employee is required.
  • Volunteers must maintain control of their volunteer schedule, including the number of hours volunteered and assignments for which they agree to volunteer.
