GatorGradCare COBRA Monthly Rates

Employees have the option to enroll in COBRA coverage within 60 days from the end of their regular employee coverage. Enrollment packets will be mailed within 2-3 weeks after separation, but employees may also enroll by contacting the provider directly after their separation date.

If selected, COBRA coverage will backdate to the end of the employee coverage to prevent a break in insurance.

COBRA rates may be slightly higher for employees who live outside the Gainesville area.
